Penguin Books. Paperback. Condition: New. 272 pages. Dimensions: 8.4in. x 5.5in. x 0.7in. College presidents have been unwilling or powerless to stop a system that has spawned a wildly profligate infrastructure of coaches, trainers, marketing gurus, and a growing cadre of bureaucrats whose sole purpose is to ensure that players remain academically eligible to play. From the University of Oregon's lavish 42 million academic center for athletes to Alabama coach Nick Saban's 7 million paycheck ten times what the school pays its president, and 70 times what a full-time professor there earns Gaul examines in depth the extraordinary financial model that supports college football and the effect it has had not only on other athletic programs but on academic ones as well. What are the consequences when college football coaches are the...
