## Witness to the Truth

By Louis Moore

HANNIBAL BOOKS, United States, 2008. Paperback. Book Condition: New. 211 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The gloves-off, unvarnished truth about the church in today's world . . . told through the eyes of one who's seen it up close. For years his Saturday religion column had readers padding outside in their bathrobes on weekend mornings to grab their copies of the Houston Chronicle to find what Louis Moore would report next about the current religion scene. This award-winning writer has viewed the church from every possible angle—as newspaper reporter and editor, denominational journalist, author, trustee of a national church-governing body, and now as religious book publisher. Through four decades, Louis has always managed to find himself strategically poised to observe cataclysmic religious developments, such as the first steps of a Catholic pope in the Western Hemisphere, the Episcopal church's vote to ordain women, and ultimately, his unique skybox view at the 1979 Southern Baptist Convention, a meeting which forever altered the course of history for the world's largest Protestant denomination. Far beyond a mere chronicling of events, *Witness to the Truth* weaves insightful, helpful threads among Baptists, Catholics,...
