*It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Pioneer missionary Timothy Richard served forty-five years in China and became a household name among educated Chinese. Largely forgotten for decades, his amazing life is reintroduced in this most welcome volume. In 1880, Richard first articulated a vision for modern higher education as the basis for overall progress in China. His influence grew, along with high official honors, after 1891 when he became general secretary of the Christian Literature Society and continued as a leader in the Educational Association of China. By the mid-1890s, many Chinese scholars and officials began to embrace his expanding vision and approach to reform. After the 1900 Boxer Uprising, Richard was invited by the Chinese government to represent Protestant missions, advising and mediating the settlement for the losses of life and property, especially heavy in Shanxi. Following his recommendation, which received Imperial approval by June 1901, the province paid a fine, but it was used to found a college of Western learning in its capital city. The Imperial University of Shansi (now Shanxi University), with Chinese and Western Learning Departments, and overseen by Richard and the provincial governor as joint chancellors, was to serve as the model institution in a national system of modern higher education. This is a touching book. While reading it, I have really felt the greatness of Timothy Richard in all that he did for China. I was inspired by his vision and mission and amazed at how vision can give meaning and purpose to life, whether there is endorsement from others or not. Richard s vision drove him to an unknown land where he contributed all his life s effort to education in its highest sense, leaving a significant legacy. --Wing On...
