Happiness: Lessons from a New Science

By Professor of Economics and Director of the Center for Economic Performance Richard Layard

Penguin Books, United States, 2006. Paperback. Book Condition: New. annotated edition. 200 x 130 mm. Language: English . Brand New Book. There is a paradox at the heart of our lives. We all want more money, but as societies become richer, they do not become happier. This is not speculation: It is the story told by countless pieces of scientific research. We now have sophisticated ways of measuring how happy people are, and all the evidence shows that on average people have grown no happier in the last fifty years, even as average incomes have more than doubled. The central question the great economist Richard Layard asks in Happiness is this: If we really wanted to be happier, what would we do differently? First we'd have to see clearly what conditions generate happiness and then bend all our efforts toward producing them. That is what this book is about—the causes of happiness and the means we have to effect it. Until recently there was too little evidence to give a good answer to this essential question, but, Layard shows us, thanks to the integrated insights of psychology, sociology, applied economics, and other fields, we can now reach some firm conclusions, conclusions...

Reviews

A really amazing ebook with lucid and perfect answers. It is really simplistic but excitement in the 50 % in the publication. I am just happy to explain how this is actually the best pdf i actually have study during my individual daily life and may be he greatest ebook for possibly.
