

The Irish American Myth of the Frontier West (Hardback)

Filesize: 1.4 MB

Reviews

An extremely wonderful book with perfect and lucid explanations. This really is for those who stutte that there had not been a worth reading. Your way of life span will be convert when you comprehensive reading this book.
(Effie Douglas)

THE IRISH AMERICAN MYTH OF THE FRONTIER WEST (HARDBACK)

Academica Press, United States, 2008. Hardback. Condition: New. Language: English . Brand New Book. This is the first research monograph to study the interstices between native Irish folklore and the emerging myth of the American West during the last frontier period (1860 - 1890). It begins with by tracing the role of Irish pioneers and their contributions to the westward migration and then examines the many parallel developments between the myths of Ireland and those that would come to define the American West. Dr Quintelli-Neary, for instance, discusses the adoption of traditional Irish music for Custer s 7th Cavalry (the Garry Owen) as well as the Texas Rangers; this reaffirms not only the presence of the Irish but validates an incorporation of their culture in a blending western population. By examining the trends of American western mythology through the exploits of four major icons who are Irish by origin, association or appropriation the author demonstrates how their adventures serve to enrich a mythology that Americanizes them, while retaining such traditional Celtic features as a cattle raid, the elopement and pursuit motif, the formation of vigilance groups and the establishment of non traditional roles for female heroes. A study of the historical lives of Billy the Kid, Calamity Jane, Belle Starr and Jesse James as filtered through the generous imaginings of pseudo biographers, journalists, pulp fiction writers demonstrates how little factual history is retained in the American consciousness while the mythology is strengthened and enlarged by images perpetuated through fiction and film.
