THE NIGHT LAND.(HORROR) NOVEL BY: WILLIAM HOPE HODGSON (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.One of the strangest visions ever published in science fiction or fantasy is presented. The Sun has gone out: the Earth is lit only by the glow of residual vulcanism. The last few millions of the human race are gathered together in a gigantic metal pyramid, the Last Redoubt, probably the first arcology in literature, under siege from unknown forces and Powers outside in the dark. These are held back by a Circle of energy, known as the air clog, powered from the Earth s internal energy. For millennia, vast living shapes - the Watchers - have waited in the darkness near the pyramid: it is thought they are waiting for the inevitable time when the Circle s power finally weakens and dies. Other living things have been seen in the darkness beyond, some of unknown origins, and others that may once have been human.
