Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

The first thrilling adventure in the brand-new collectible series for young readers from survival expert and Chief Scout BEAR GRYLLS. Olly isn't enjoying activity camp. Why should he bother building a shelter or foraging for food with his teammates - he'd rather be at home in the warm and dry, where the sofa and the video games are. But then Olly gets given a compass with a mysterious fifth direction. When he follows it, he's magically transported to a high mountain range where he meets survival expert Bear Grylls. With his help, Olly must learn to survive in sub-zero temperatures, including what to do if the ice cracks when you're crossing a frozen lake, or a blizzard sets in. . . But can his adventure with Bear Grylls change Olly's mind about teamwork and perseverance? And who will Olly give the compass to next? Each book in this fun new 12-book series from BEAR GRYLLS follows a different child on the outdoor activity camp. Once they are given the magical compass, they meet the inspirational adventurer in an amazing place and learn new skills and facts they can take back with them to their real life.
