Not illustrated. 1912 Excerpt: .to be so built is four aud one-fifth miles and, on the basis of the preliminary estimate of cost, the work may be said to be about two-fifths finished. However, reference should be had to the special reports on this work for accurate figures. HARFORD COUNTY. Three sections, aggregating nearly 8 miles, have been accepted as completed from the contractors. One of these is the section between Kalmia and McCann s Corner on the Baltimore-Philadelphia route and includes a relocation and new bridge over Deer Creek. This is one of the greatest improvements your Board has completed. The grades on the old crossing of Deer Creek were as high as 16 per cent. and the old road was utterly impassable for considerable periods each year. The new road has no grade over 7 per cent., and the bridge is a fine example of permanent work. (See Plate IV.) It is of reinforced concrete of unusual design and its cost (\$10,000) was only a few hundred dollars in excess of the usual type of steel and wood structure of equal strength. Considering its freedom from maintenance charges, ite cost over a period of years should be less than that of a steel structure. The design and construction of this bridge has been reviewed by the Engineering Kecord as of general interest. One section of the road between Kingsville (in Baltimore County) and Belair, and extending between the Baltimore County line and the junction with the Belair Turnpike...
