By John C Hartman

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from History of Black Hawk County, Iowa, and Its People, Vol. 1 The fourth from the Mississippi River and also the (fourth from the Minnesota line, black hawk County lies four square, the only irregularity in its outline being an Offset Of one mile. Made by the correction line which passes through the middle of the county. The row of sections immediately south of this line are reduced about one-fourth in area, thus making the area Of the county about five hundred and seventy square miles. Bremer County bounds it upon the north; Buchanan on the east; Benton and Tama on the south and Grundy and Butler-ou the west. The only known indurated rock Within its bounds is the Devonian; and of the unconsolidated materials, alluvium and Iowan drift are the only representatives at the surface excepting a small area of loess in Waterloo Township. Wherever there is any considerable depth of mantle rock, however, its greater bulk is Kansan drift, the Iowan being everywhere comparatively thin. In this county no very serious geological problems present themselves, nor does the rock or...
