## DEVELOPMENTAL NEUROPSYCHOLOGY (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Developmental Neuropsychology draws upon the research of Alexander Luria and Lev Vygotsky to present a comprehensive study of developmental neuropsychology from a Russian, and Western perspective. Janna Glzman offers a fresh and accessible analysis of Luria and Vygotsky's collaboration, which greatly influenced the field of neuropsychology as we know it today. The text provides an examination of theoretical and methodological foundations of developmental neuropsychology, which Glzman describes and systemizes, before providing methods of assessment and neuropsychological aspects of specific situations. In her work Glzman considers: \* abnormal social mechanisms \* methods of assessment and remediation \* historical developments \* specific disabilities including dyslexia, ADHD and autism Glzman's comparative text makes Russian developmental psychology practically accessible to a western audience. It is valuable reading for researchers in developmental and clinical psychology, as well as professionals in special education, speech therapy and social work.
