DETERMINISTIC ELECTRONIC STRUCTURE OF AN ATOM : THE ORIGINS OF THE DELUSIONS OF QUANTUM MECHANICS AND ITS RESUSCITATION

LAP Lambert Academic Publishing Feb 2018, 2018. Taschenbuch. Condition: Neu. Neuware - The monograph contains a new theory of the dependency between fundamental mechanics and electrodynamics with quantum theory, which is based on the principles of cause-effect relationship and explains the mechanism of events, rather than their probability, as it is customary in quantum mechanics. The objectives of the research are 'The planetary model of the atom' proposed by the great scientist E. Rutherford and 'The model of the atom'...

Reviews

A very great ebook with perfect and lucid answers. It can be packed with wisdom and knowledge I found out this book from my dad and i encouraged this publication to learn.

-- **Elena McLaughlin**

It in just one of the most popular ebook. It normally will not cost too much. I am very easily could get a pleasure of looking at a composed publication.

-- **Rosetta Thompson**

Completely essential study publication. Better then never, though i am quite late in start reading this one. I am very easily could get a delight of reading a composed publication.
