

## Microservices with .Net Core Complete Self-Assessment Guide (Paperback)

By Gerardus Blokdyk

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Who will be responsible for making the decisions to include or exclude requested changes once Microservices with Core is underway? How can skill-level changes improve Microservices with Core? How will the Microservices with Core team and the organization measure complete success of Microservices with Core? When a Microservices with Core manager recognizes a problem, what options are available? What are the rough order estimates on cost savings/opportunities that Microservices with Core brings? Defining, designing, creating, and implementing a process to solve a business challenge or meet a business objective is the most valuable role. In EVERY company, organization and department. Unless you are talking a one-time, single-use project within a business, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, What are we really trying to accomplish here? And is there a different way to look at it? For more than...
