A STUDENT'S GUIDE TO INTERNATIONAL RELATIONS (PAPERBACK)

[DOWNLOAD](#)

Isi Books, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. These slim volumes come close to constituting mini-great books in themselves.-Wall Street Journal Terrorist attacks, wars in Afghanistan and Iraq, the rise of China, and the decline of Europe have underscored the necessity of understanding the world around us. But how should we approach this crucial but often misunderstood topic? What do we need to know about the international order and America's role in it? A Student's Guide to International Relations provides a vital introduction to the geography, culture, and politics that make up the global environment. Angelo Codevilla, who has taught international relations at some of America's most prestigious universities, explains the history of the international system, the dominant schools of American statecraft, the instruments of power, contemporary geopolitics, and more. The content of international relations, he demonstrates, flows from the differences between our global village's peculiar neighborhoods. This Witty and wise book helps make sense of a complex world. The ISI Guides to the Major Disciplines are reader-friendly introductions to the most important fields of knowledge in the liberal arts. Written by leading scholars for both students and the general public, they will be appreciated by anyone desiring a reliable and informative tour of important subject matter. Each title offers a historical overview of a particular discipline, explains the central ideas of the subject, and evaluates the works of thinkers whose ideas have shaped our world. These guides will aid students seeking to make better decisions about their course of study as well as general readers who wish to supplement their education. All who treasure the world of ideas and liberal learning will be motivated by these original and stimulating presentations.--BOOK JACKET.
