Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Welcome to this fantastic collection of 100 Symbol Search Puzzles! If you find normal wordsearch easy and are looking for something trickier, then you ll love these hard wordsearch puzzles with symbols to find instead of words. Each puzzle is completely unique and a great way to challenge not only your ability to spot patterns, but your memory too as you ll have to remember the patterns to find them in the grid! Symbol Search puzzles are a great twist on the traditional word search and will really put your concentration to the test. Each puzzle lists 20 shape patterns. These patterns can be hidden in the grid horizontally, vertically, diagonally and either forwards or backwards just as with normal wordsearch puzzles. A handy tip is to break the pattern in to smaller sections. Can you remember the first few shapes and find them in the grid? The challenge will then be to find the remaining shapes in the pattern in order to locate all 20! Sometimes our eyes find it easier to locate repeating shapes, so try looking for double or even triple patterns first to get you going. Remember, all solutions are towards the back of the book so if you get stuck along the way, take a look there! All of our puzzle books are printed on very high quality paper, making the puzzle experience all the more enjoyable! For other puzzle books, visit.
