Curious Republic of Gondour is American humour classic by Mark Twain. Gondour is a fictitious republic created by Mark Twain in his short story The Curious Republic of Gondour, and popularized by Robert A. Heinlein and his heirs. Twain proposed a state in which all citizens have at least one vote, but where further votes (up to a dozen) could be acquired through education, which was provided by the state for free, or by relative wealth. Furthermore, no one was accepted to any public office without passing strenuous competitive examinations.
