Iconcept Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Epidemiology is the study (or the science of the study) of the patterns, causes, and effects of health and disease conditions in defined populations. Epidemiology has developed into a vibrant scientific discipline that brings together the social and biological sciences, incorporating everything from statistics to the philosophy of science in its aim to study and track the distribution and determinants of health events. There are totally 14 chapters in this book. Chapter 1 proposes to assess whether caries restorative treatment can result in the selection and/or emergence of cariogenic mutans streptococci (MS) genetic strains in children with severe early childhood caries, and also characterizes the xylitol-resistance properties of select dominant and minor MS strains. Chapter 2 describes and explores a new research model of dental practice-based research network by reviewing the current dietary evidence collected from clinical epidemiology research, describing the Dental PBRN, and presenting the results from research conducted using the Dental PBRN model. Chapter 3 discusses the biological effects of solar radiation, describes the risk factors, incidence and mortality rates for skin cancer and melanoma. In addition, it also describes the necessity of sun protection knowledge especially in children and teens and gives information for the most famous sun education programs all over the world. Chapter 4 discusses basal cell carcinoma which comprises the vast majority of skin cancers. It predominantly affects fair-skinned individuals, and its incidence is rising rapidly. Chapter 5 highlights possible detrimental effects associated with persistent exposure to antimicrobial agent-containing consumer products, particularly medicated soaps. Chapter 6 discusses the course of melanoma in patients post-organ transplant and in the settings of iatrogenic and lymphoproliferative disease-associated immunosuppression. It concludes with a discussion of potential new targets and therapeutic...
