Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Just because your language allows you to say that there was a time when there was no time, does not mean that human language can subjugate Nature. Just because your brain allows you to conceive Nature in a state of zero space, does not mean that your brain is capable of telling Nature how to behave. Nature is free, you see, and will not accommodate to anybody s wishes. Not even to your demands, whoever you are. Read in this book about the discontinuity of time, energy, mass, space . once these variables reach their zero measurement-point; read how, if Mr. Albert Einstein s fundamental equation is right, light can give birth to time, space to mass, energy to gravity . Discover also in this book the fastest possible way to compute all existing prime numbers: from 1 to infinity.
