

Changing India (2nd edition)

By Robert W. Stern

Cambridge University Press, Cambridge, UK, 2003. Paperback. Book Condition: New. Second Edition. The revised edition of Robert Sterns book brings Indias story up to date. Since its original publication in 1993, much has altered and yet central to the authors argument remains his belief in the remarkable continuity and vitality of Indias social systems and its resilience in the face of change. This is a colourful, readable and comprehensive introduction to modern India. In a journey through its family households and villages, the author explains its long-lived and little understood caste and class systems, its venerable faiths and extraordinary ethnic diversity, its history as the jewel in the crown of British imperialism and its post-Independence career as a major agricultural and industrial nation. While paradoxes abound in an India which is constantly transforming, Stern demonstrates how and why it remains the largest and most enduring democracy in the developing world. Contents Introduction: Change, the societies of India and Indian society; Part I . The changing countryside:1. Families and villages; 2. Varna, jati and caste, Muslim quasi castes and untouchability; 3. Class: primordial group representation, stimuli-response and patron-client relationships; 4. Homelands, linguistic, tribal and regional states: nation provinces and bourgeois revolution;...

Reviews

Very good eBook and valuable one. Better then never, though i am quite late in start reading this one. I am very easily could possibly get a satisfaction of reading through a created publication.

-- **Brianne Heidenreich**

Simply no phrases to explain. It is definitely simplistic but shocks from the fifty percent from the pdf. You may like the way the blogger write this ebook.
