Three German Invasions of France: The Summer Campaigns of 1870, 1914, 1940

By Fermer, Douglas.

Pen & Sword. 1 Cloth(s), 2013. hard. Book Condition: New. Tension and rivalry between France and Germany has shaped much of Western Europe's modern history, notes historian Douglas Fermer. Three times their hostility led to war and the invasion of France, and the outcomes of the battles reset the balance of power across the continent. Yet Germany's invasions tend to be viewed as isolated events rather than as connected episodes in this national rivalry. Fermer explores these military campaigns and the preparations for them as part of a cycle of fear, suspicion, animosity, and conflicting ambitions across several generations, describing the critical decision-making, maneuvers, and clashes of arms as German forces advanced into eastern France. "Not only a brilliant account of these three campaigns, but a coherent narrative that explains why the wars were fought, why the French Army fought them as it did, and what the consequences were, not just for the army, but for French society as a whole. It is a distinguished contribution to the history of war, of France and indeed of Europe in the 20th century." Michael Howard 273.

Reviews

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).

-- Doris Beier

Completely essential read publication. I am quite late in start reading this one, but better then never. You wont truly feel monotony at any moment of your time (that's what catalogs are for regarding should you question me).
