Reviews

Certainly, this is actually the best job by any article writer. It can be loaded with knowledge and wisdom I realized this pdf from my i and dad advised this book to discover.

(Ms. Verlie Goyette)

COERCION FOR HIRE: A THEORY OF INDIRECT COERCION (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The purpose of this book is to examine the use of indirect coercion as an element of political warfare and as a policy option for the United States. The author synthesizes the concepts of indirect strategy and coercion to provide a cost-effective policy option for U.S. decision makers. In order to establish the strategic utility of indirect coercion, this work examines the conditions that are necessary for successful coercion of an adversary using limited military and economic resources. The study examines four historical cases of indirect coercion. The cases examined are Indonesia, Italy, and Chile during the early Cold War era, and Hezbollah as an ongoing case-to explore the varying outcomes, from success to complete failure. The analysis of the case studies examines surrogate targeting, the covert/overt balance, surrogate vs. sponsor centrality, and the role of positive inducements.
