Xlibris Corporation, United States, 2010. Paperback. Book Condition: New. 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Introduction Moon People 3 Thank you for reading my book Moon People 3. My goal in Moon People 3 was to make it as action pact from start to finish just like my first two Moon People books. I had to make a Grand Finale so I put everything into Moon People 3. I would also like to talk to you about the Venus genesis in this book for a moment. All of the Venus technical data is accurate and the Venus genesis formula is based on an actual analytical possible Venus Genesis. It took me a while to figure out a true Venus genesis possibility. Because of the real high pressure in the atmosphere and on the surface. Also the very high temperatures on the surface. If It wasn t for me trying to figure out how to do a genesis on Mars and Venus. I would not have believed it possible. But now I believe it really can be done on both planets, Mars and Venus and maybe easier than we all thought. You know it is true that we can not go beyond our solar system because of distance and time in our life cycle. But I submit that we should be concentrating on the planets in our solar system. Could you imagine if we could pull off a Venus genesis or even a Mars genesis. We could colonize another planet in our solar system. Wouldn t that be the ultimate! Besides all of the above. I hope you don t mind but I just had to add some Action Pack Sci-Fi Space Adventure to the mix also. I hope you enjoy my book...
