

Is That All There Is?: An American Story: Part II (Paperback)

Filesize: 6.75 MB

Reviews

These sorts of pdf is the greatest ebook offered. We have study and that i am sure that i will going to study once more once more in the future. Its been printed in an remarkably simple way and it is only after i finished reading through this pdf through which in fact transformed me, affect the way i believe.

Dwf Books, Etc., United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Is That All There Is? is the interesting and entertaining adventure narrative of an American whose life begins under less than auspicious circumstances in small town Middle America and serves as the thread of personal experience to chronicle the real history of contemporary America as he matures through trials, tribulations and successes in relationships and encounters with cultural, geographic, racial and social issues, discrimination and differences in American life in the military, sex, politics, business, entertainment, and religion, exposing the reality and import of historical events and affairs in contemporary American history through his socioeconomically, culturally, educationally, geographically wide ranging and diverse lifetime during which multiple pictures of life in America and its effects at home and on the world abroad are developed. In Part I the character development of our thread and country, and the foundation for much of what happens post the ostensibly best days of America are the focus. In Part II his knowledge and scope are expanded through military experiences and socioeconomic advancement via upward mobility afforded through education and business. In subsequent installments he expands his experiences into two dozen countries and four continents as Officer of an international company, continuing to encounter and overcome obstacles of cultural and economic differences, and government agencies in the U.S., Australasia, Europe and Latin America to achieve a life near the top of the American Dream, finding life can be mostly beautiful as he envisaged.
