BAND LAW FOR BANDS

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Band Law for Bands has a simple goal: to help you understand and address the most common legal issues which emerge with a band. This book is not a comprehensive analysis of the legal issues, and given the rapidly shifting dynamics of the music industry, new issues emerge every day involving various digital technologies and new business models. Rather, Band Law for Bands addresses the fundamental issues bands face, including entering into a partnership agreement, song ownership rights, licensing issues, registering copyrights, and negotiating recording contracts. It should become your first source of information when your band confronts a legal issue.
