High Anxieties explores the history and ideological ramifications of the modern concept of addiction. What is addiction This collection of essays illuminates and refashions the term, delivering a complex and mature understanding of addiction. Brodie and Redfields introduction provides a roadmap for readers and situates the fascinating essays within a larger, interdisciplinary framework. Stacey Margolis and Timothy Melleys pieces grapple with the psychology of addiction. Cannon Schmitt and Marty Roth delve into the relationship between opium and the British Empires campaign to control and stigmatize China. Robyn R. Warhol and Nicholas O.
