From instant New York Times bestseller, Dr. Nick Trout comes another touching and heartfelt story from the front lines of veterinary medicine--the story of two dogs who forever changed the way he thought about life, death, fate and love. Helen is an older cocker spaniel found neglected and abandoned in a restaurant parking lot one rainy night. Despite her mangy condition and terrible smell, Ben and Eileen fall in love with the pitiful creature and decide to take her in. But just as Helen is rescued from a sad life on the streets and enveloped in a loving home with all the creature comforts an old dog could ask for, a tumor is discovered and she s given a devastating prognosis. All Ben and Eileen want is for Helen to beat the odds and survive for one more summer so that she can have one chance to swim in the ocean on the family s annual trip to Prince Edward Island. In short, they want a miracle. Meanwhile, fourteen-month-old miniature pinscher Cleo keeps breaking one leg after another which devastates her poor owner, Sandi. While Cleo is visiting Sandi s daughter, Sonja, in Bermuda, she succumbs to yet another fracture. Distraught that the injury happened on her watch, Sonja makes a plan to fly Cleo to Boston to get the specialist care she needs before Sandi even finds out. Enter Dr. Trout who presides over what should be a fairly routine surgery. What happens next forever links two families, their dogs and a beloved veterinarian and teaches them all a lesson about grace that resonates to this day....
