Ronald J. Leach, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Ronald J. Leach's lectures on identity theft have been attended by more than 1,200 people. Many more have heard him on closed-circuit television. This book is based on his experiences as an identity theft professional and as a long-term professor of computer science. Do you know how to protect your vital identity information when you use computers for your banking, credit card transactions, and everyday purchases? What about email, web surfing, texting, and social networking? This book, intended for the general, non-specialist reader, will tell you what to avoid in using electronic commerce. You'll learn about the most common security weaknesses of modern banking and e-commerce software and when to avoid using certain systems, the tell-tale signs of potentially insecure transmission of your data, and how to avoid the dangerous practice of Phishing. This book is a comprehensive, easy-to-understand guide, based on the author's experiences as a long-term identity theft lecturer and computer scientist, and is dedicated to keeping your assets and identity safe while navigating this dangerous world. Major topics in this complex subject are illustrated by case studies describing the personal experiences of some of the author's friends and acquaintances, and by experiences of some prominent public figures. You'll learn about the potential profit margins that make cybercrime so appealing to criminals - and why such crime is so hard to prosecute. In this book you will learn just how pervasive the crime of identity theft is, and how you are at risk even if you don't do any online banking or make any online purchases using a credit card. We'll discuss some simple strategies that can help you cope with the...
