LOVE S ENERGY LE2: THE ECSTASY IN THE ENERGY. PATTERN PARADOXES IN THE THEOLOGY**DOWNLOAD**

Createspace, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.Creationism is no longer tenable, scientifically, although many still cling to it. This kind of religious literalism can be found in geo-political examples of fundamentalism and particularly in violent, Islamic extremism. If creationism is dead, what do religious people think they mean when they say we believe in God, as Creator or Source in a universe that makes itself? What caused the Big Bang and the Big Birth? How could God be involved, let alone embedded, in natural processes of cosmological and evolutionary change, if any notion of divine intervention undermines the vital autonomy of these processes? This trilogy offers a new way of understanding Creator and Creation alongside the science of cosmology, physics, quantum and evolution. This book (LE2) uses the surprising insights of some early, mystical theologians about Love, and Energy, to unveil how such a belief is possible in the worldviews of the New Testament, Origen, Dionysius, Maximus the Confessor, the Cappadocians, more recent process theologians and others who have so radically changed our spiritual understanding of energy as the living force, kenotically present in the processes of creation. It also asks - if the world makes itself what are the physical, political and personal dilemmas of autonomy and freedom? Love s Energy explores particular pattern paradoxes of certainty and uncertainty, ontology and epistemology, order and chance in the indeterminacy present in the fascinating story of science and theology. It provides the general and more specialist reader with an opportunity to make new connections between these formative parts of our intellectual map making and assumptions about the world. In an age when religious dogmatism is intolerant and dangerous, it offers an exciting new alternative for...
