Radio Archives on Dreamscape Audio, United States, 2015. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Raymond Burr stars as the commanding officer of a rugged cavalry outpost in this first volume of Fort Laramie, a subtle and realistic dramatic series created, written, and produced by many of the same people who made the groundbreaking adult western Gunsmoke. Producer Norman Macdonnell said the series as a monument to ordinary men who lived in extraordinary times; their enemies the rugged, uncharted country, the heat, the cold, disease, boredom, and, perhaps last of all, hostile Indians. Though its run was short, just 40 episodes in all, Fort Laramie proved to be every bit as grand as the critically acclaimed Gunsmoke and today you ll find it among the top ten shows on the list of many radio enthusiasts.
