Academica Press, United States, 2009. Hardback. Condition: New. Language: English . Brand New Book. This research monograph breaks new ground in discussing (in English) the impact of Washington Irving s presence in Spain and the effect of his writings on Spanish topics by Spain s critics and general readership. Spanish critics, scholars and translators were and are active in assessing Irving s literary style, scholarly grasp and cultural influence. This work seeks to examine Irving s influence and his discovery of Islamic Al-Andalus (Irving was the first American to seriously study Mahomet (Muhammad) , the Koran and write about his findings). Wallhead locates Irving s literary and historical researches in the troubled, chaotic post-Napoleonic Spain of Ferdinand V11 and discusses the earliest Iberian reaction to Irving s books. Professor Wallhead s study includes four parts: the legacy of Irving in today s Spain - the bibliography, the cultural extension, the Washington Irving industry, tourist and travel literature; influences and sources - early-mid 19c Spain.Andalusia, Seville and the roots of the southern romance ; his Spanish writings; fiction ( Tales of the Alhambra ), documentary and biographical studies - The Conquest of Granada , Mahomet , and Christopher Columbus ; and, conclusions.
