

The River of Death: A Tale of London in Peril (Paperback)

By Fred Merrick White

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Another in the Doom of London series, in which the author sounds a clarion call of potential disasters that may fall upon the great city. Here he relates a tale of environmental contamination leading to a medical panic. London in a year of severe drought; water level in the Thames river extremely low, blazing heat wave for 3 weeks in August; a Portuguese cargo ship sinks and contaminates a tributary of the Thames; 3 of the crew members are discovered to be dying of some disease; the local doctor is frightened by what he sees, calls the health authorities, who call for help from Professor Darbyshire, a scientist who deals with fighting diseases in the bulk, someone we might call an environmental epidemiologist today; he investigates, then . Darbyshire makes a hurried call asking his friend, Dr. Longdale, to come at once to his house where he has a small laboratory. Darbyshire produced a phial of cloudy fluid, some of which he proceeded to lay on the glass of a powerful microscope. Longdale fairly staggered back from the eyepiece. Bubonic! The water...
