She s an investigative journalist dedicated to seeking out the truths behind cover-ups and exposing the lies that keep the general population in the dark. Her priority? To expose the secrets at Area 51. While watching the skies over that top secret base, she observes what appears to be saucer-shaped objects descending. Whether of military design or otherworldly origin, Emory can only watch as they launch a devastating attack. Emory s theories go against everything Captain Sofia Martinez stands for, and all she has dedicated her life to, working at Area 51. Sofia knows Emory lives to challenge her authority, but can they put aside their differences to fight together to save mankind? Can they save the world from not just the invaders above but also from the all too human element who have their own secret agendas to set in motion?.
