Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Geology of the South-West Part of Lincolnshire, With Parts of Leicestershire and Nottinghamshire: Explanation of Sheet 70 AS the area is a continuation of that described in the Geological Survey Memoir on the Geology of Rutland (sheet 64) by professor judd, Wherein the characters and classification of the Jurassic Strata of the Midland districts, and their correlation with those to the south-west and north, were fully discussed, the reader is referred to that Memoir for general questions which it has not been deemed necessary to re-open here. The present Explanation is confined to a description of the rocks that occur Within the limits of the Map. The chain and Post-glacial deposits, which play so important a part in the geology of the area, are represented on a separate edition of the Map, As they were only briefly discussed in the Rutland Memoir, and as they here present features of special interest, they are described in some detail in the following pages, references being also made to their extension into neighbouring. Districts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
