Brand New Book ***** Print on Demand *****.More often than not, our experiences and perceptions of reality fall within a slim and constricted margin of understanding and possibilities. We constantly see ourselves with a critical gaze; focusing on our flaws, hindrances, and desires forever out of our reach. What then, does a world free of such limiting convictions look like and more importantly, how do we access it? This collection of poetry, written by someone much like yourself, who has experienced wearing such self-imposed shackles and HAS attained sweet liberation from them, will provide you with a glimpse of the light of understanding that will allow you to unbind your body, mind, and spirit. Through these conversations with the self, you will discover from discussions of mind and thought, heart and love, and the breaking of boundaries; THAT you yourself will be able to see the true meaning of liberation and unconditional love and experience yourself far beyond this imprisoning physical reality; traveling far into the infinity of bliss and serenity. Piro shows us that if we can open up our hearts and expand our minds then we can bring them into synchronicity. It is then that we will no longer be bound by limitations and we too can achieve spiritual growth and align ourselves with the flow of the universe. Once we start to flow with the universe instead of against it. things that were once impossible. Now become possible.
