Brand New Book ***** Print on Demand *****.Comments, Concepts Conclusions: takes a look at seven relevant subjects most people have considered during their lifetime. We begin with making comments. If our comments are related to cohesive elements that reflect data and reality, we may move on to forming conclusions. The author has done this and speaks for a select number of scholars who have formed the same conclusions concerning the seven topics he covers. What is religion? How may we understand God. Is social ethics important? Does our political system serve the people? What do other religions, besides Christianity, say about these important topics? Reading this book will provide you things to consider for your own belief system and attitude toward others.
