If you want to go beyond the basics of creating and producing music with Logic Pro, this Apple-certified guide is for you. Whether you re a composer, producer, songwriter, engineer, studio programmer, or simply a music-lover who wants to create or produce professional-quality music in your Logic-based studio, you ll find the self-paced, step-by-step instruction you need to begin creating your audio master works immediately. As a professional musician, educator, and a former employee of both Emagic and Apple, author David Dvorin knows Logic like no one else. Here, he uses project-based tutorials to guide you through real-world production tasks, revealing Logic s secrets along the way. In short order you ll be scoring and composing, creating your own sounds with Logic s software instruments, and employing advanced mixing, editing, and production techniques. A companion DVD includes the lesson and media files needed to complete the book s exercises, plus free trial Logic plug-ins from leading manufacturers. Note to customer: Logic Pro 9 runs on Mac OS X 10.5.7 or later.
