REALITY means different stuff to different folks. What is Real for one may not even exist for another. So, what is Really a Reality? A thing exists, and we call it a Reality. Nothing exists and we say it does not exist, and therefore Not a Reality? We seem to all agree that when SOMETHING exists, that Something is Real. True. But is equally True, that NOTHING also exists, in equal measure as SOMETHNG! This means that NOTHING is also a Reality. Many have fallen by the mistaken Reality that NOTHING really does not exist. Wrong. But unconsciously their minds continue to dwell on that NOTHING, and when at the end of the day they receive NOTHING in return, they are amazed. It s no wonder that they remain in perplexity and abject lack. Majority who have made it good in life, are simply unconscious of the fact that they do recognize the existence of NOTHING, and have chosen to focus on SOMETHING instead. So they get loads of THINGS! Where SOMETHING exists, NOTHING does not exist. And where NOTHING exists, there can never be SOMETHING there. Both cannot occupy the same space. One gives way for the other. You will find this little book interesting, inspiring and motivating. Look forward to the THIRD in the MIND in MOTION series: The IMAGE.
