

Who Killed Healthcare?: Americas 2 Trillion Medical Problem - And the Consumer-Driven Cure

By Regina Herzlinger

McGraw-Hill Companies. Hardcover. Condition: New. 240 pages. Dimensions: 9.1in. x 6.4in. x 1.2in. In the battle for U. S. health care, patients and doctors are losing. Who Killed Health Care shows how to win the war. One of the nations most respected health care analysts, Regina Herzlinger exposes the motives and methods of those who have crippled Americas health care system-figures in the insurance, hospital, employment, governmental, and academic sectors. She proves how our current system, which is organized around payers and providers rather than the needs of its users, is dangerously eroding patient welfare and is pushing costs out of the reach of millions. Who Killed Health Care then outlines Herzlingers bold new plan for a consumer-driven system that will deliver affordable, high-quality care to everyone. By putting insurance money in the hands of patients, removing the middleman in the doctor-patient relationship, and giving employers cost relief, consumers and physicians will be empowered to make the system work the way it should. Herzlinger describes in precise detail how her innovative program will provide Smaller, disease-focused medical facilities that provide complete care for patients A national system of medical records that provides privacy with confidential access by approved practitioners Mandatory performance...

This ebook will be worth buying. It usually fails to charge too much. You will not sense monotony at any time of your time (that's what catalogs are for regarding when you check with me).
