Bloomsbury Publishing PLC, United Kingdom, 2007. Paperback. Condition: New. New edition. Language: Spanish . Brand New Book. Nicholas Harberd s narrative of the changing seasons has as its focus one tiny thale-ress plant in an East Anglian churchyard. He describes both what can be seen with the naked eye and the hidden molecular mechanisms that underlie it. He also tells the story of the last ten years of discovery in his own laboratory, as the team works to understand the genetic control of the growth of thale-ress. Part field notebook, part sketchbook, part diary, Seed to Seed is a dazzling evocation of the beauty of the natural world and an exhilarating explanation of the secret workings of plants.
