JAIL THIS NAZI!: PUBLISHED APRIL 24, 2015

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Jerry Brown will insist that the drought is being caused by man-made climate change, or overconsumption of a so-called limited water supply, and is mandating killer cuts in water supply to the people of California. Cuts which will hit the poorest and most vulnerable members of the population first; the people who are already barely surviving at all. The fact is, as Lyndon LaRouche said earlier today, Jerry Brown, and those who agree with him on these matters, are incompetent; and dangerously so. They have no idea what the scientific principle is which drives the global water cycle; and therefore, they have no idea how that water system is to be managed, and how new water supplies can be developed and created. The problem is not man-made climate change, but the fact that we haven't changed the climate in the way that we should; by mastering and harnessing the physical principles which drive the water cycle as a whole-something that the human species can uniquely do. The fact is, the Earth's water system is not driven primarily by processes here on Earth, but is merely a subordinate feature of a much larger cosmic process on the scale of the Solar System and beyond. As Mr. LaRouche was saying earlier today, if you look at the implications of the work of Johannes Kepler, who discovered that the Earth is not an isolated body floating in empty space, you see that our planet is an integral part of a much larger system-the Solar System-which is driven by a power which emanates from the Sun, which is itself merely an integral part of a much, much larger galactic system....
