

Being Indian: The Truth About Why the 21st Century Will be India's

Filesize: 3.22 MB

Reviews

This ebook could be well worth a study, and superior to other. It really is basic but unexpected situations inside the 50% of your ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Prof. Buford Ziemann)

BEING INDIAN: THE TRUTH ABOUT WHY THE 21ST CENTURY WILL BE INDIA'S

Penguin, New Delhi, India. Paperback. Book Condition: New. First Edition. This book is a new and dramatically different inquiry into what India and being Indian mean in the new millennium. Such an inquiry is especially relevant today when the world's largest democracy is also a nuclear power, a potentially major economic power poised to emerge as the second largest consumer market in the world, and a growing force in information technology. Misconceptions about India and Indians abound, fed by the stereotypes created by foreigners, and the myths about themselves projected by Indians. In *Being Indian*, Pavan K.Varma demolishes these myths and generalizations as he turns his sharply observant gaze on his fellow countrymen to examine what really makes Indians tick and what they have to offer the world in the 21st century. Varma's insightful analysis of the Indian personality and the culture that has created it reaches startling new conclusions on the paradoxes and contradictions that characterize Indian attitudes towards issues such as power, wealth and spirituality. How, for example, does the appalling indifference of most Indians to the suffering of the poor and the inequities of the caste system square with their enthusiastic championing of parliamentary democracy? And why do Indians have a reputation for being spiritual and 'other-worldly' when their philosophy and tradition exalt the pursuit of material well-being arthaas a principal goal of life? The book also examines India's future prospects as an economic, military and technological power, providing valuable pointers to the likely destiny of a nation of one billion people. Drawing on sources as diverse as ancient Sanskrit treatises and Bollywood lyrics, and illuminating his examples with a wealth of telling anecdotes, Pavan Varma creates a vivid and compelling portrait of Indians as he argues that they will survive and flourish in the new millennium...
