

## Israel Vs. Utopia (Paperback)

By Joel Schalit

Akashic Books,U.S., United States, 2009. Paperback. Condition: New. New.. Language: English . Brand New Book. Israel is a synonym for many things: the ancestral home of the Jewish people, the hell of the Palestinians; the realization of a centuries-old dream of freedom, and the heart of the War on Terror. No country inspires as much debate about its rights and wrongs, its legitimacy and illegitimacies, than Israel. Historically associated with Europe, such debate finally became common in the U.S. during the Bush era, as America deepened its involvement in the region, and Israel fought three wars. In his new book, *Israel vs. Utopia*, Israeli American journalist Joel Schalit distinguishes between the Israel he knows, and the image of it that exists in the imagination of Americans. Israel is a state of mind, Schalit argues, as much as it is its own sovereign state. Exploring this tension, in America, in Israel, employing a combination of personal observation, political, and cultural commentary, Schalit defines the instability of Israel, as a metaphor, and America's troubled love for it, as only an Israeli American would know.
