Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Addictions render us incompetent, degraded and dangerous to society and family. It is that spiritual master that enslaves those unfortunate to give themselves to it. Be it pornography, alcohol, illicit drugs, prescription drugs, alcohol, gambling, or food, the result is always the same. Your simple indulgence becomes your master. This book is written to help those already hooked to break free. Addicts will become normal humans who regain the right to see their dreams and aspirations come true. Families are threatened and destroyed by various addictions. These habits usually start very early in life. Peer pressures make many to make silly decisions that will haunt them in years to come. Society suffers because when it comes to addiction, no one is spared. The book is also for teenagers who have not made that wrong decision yet. It helps them know that they can fight it off. It helps them understand fully what is at stake when they face the simple option of to do or not to do . Often times many foolishly indulge in simple pleasures not realizing they are baits that were designed to wreck their future and those of those they will one day cross paths with. The devil is very real. God too. Whose side will you take, your friend s or that of your enemy? It is written simply so that the reader is not lost in vague descriptions and directions. You will be empowered to break free if you will. Music is also addictive. Some cannot have enough of Rihanna, Beyonce, Cold Chain, U2, Jay-Z, Nicki Minaj and so on. But how many stop to listen to the lyrics?.
