*A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.*

Bibliogov, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Pursuant to a congressional request, GAO provided information on the Denver International Airport (DIA), focusing on: (1) the major events that occurred in building the DIA automated baggage-handling system; (2) whether there were any special considerations for disadvantaged businesses during the contract award process; and (3) major concerns about the construction project and their resolution. GAO found that: (1) the city of Denver initially planned to open DIA with a conventional baggage system in order to meet the scheduled October 1993 opening date, but later decided to accept the risk associated with building an automated baggage system; (2) significant problems occurred with the construction of the baggage system, delaying DIA opening until February 1995 and costing an additional \$95 million; (3) the city of Denver awarded 37 prime contracts, totalling \$776 million, based on the contractors ability to perform the work, price, and agreement to hire disadvantaged businesses; (4) the prime contractors exceeded the city's goals for hiring disadvantaged businesses between fiscal years 1990 and 1994; and (5) although most of the concerns regarding DIA have been resolved, remaining concerns include the ability to fund a rail system from downtown Denver to DIA and ongoing investigations about information disclosure to bondholders.
