Excerpt from The Book of Blood: An Authentic Record of the Policy Adopted by Modern Spain, to Put an End to the War of Independence of Cuba (October 1868 to December 1870) It will be well to bear in mind also that we always read in the Spanish reports that Such a column has scoured such and such a territory and killed so many insurgents. Habitually the killed are poor, harmless and defenceless peasants forced out of their houses and brutally murdered.
