

Dictionary of Aeronautical Terms: Over 11,000 Entries (5th Revised edition)

By Dale Crane

Aviation Supplies & Academics Inc. Paperback. Book Condition: new. BRAND NEW, Dictionary of Aeronautical Terms: Over 11,000 Entries (5th Revised edition), Dale Crane, Aviation is an industry full of terms, acronyms and technical language. This book helps users understand all the words, abbreviations, phrases, and disciplines of aviation. The most complete collection of aviation terminology available, the Dictionary of Aeronautical Terms defines more than 11,000 terms and includes nearly 500 illustrations to further explain and aid visual recognition. Appendices include useful lists and tables, such as the periodic table of elements, phonetic alphabet, Morse code, and an expanded list of aviation acronyms. All specific to the aviation industry, the terms have been gathered from the regulations, the Pilot/Controller Glossary from the AIM, and glossaries from government handbooks and manuals. Also includes definitions not found in government publications. This complete, handy dictionary belongs in every library as it is an essential reference book for the entire aviation industry -- including administrators, pilots, aviation maintenance technicians, colleges and universities, air traffic controllers, manufacturers, engineers, government agencies, airlines, and corporate flight departments, as well as newcomers to the industry and those who speak English as a second language.
