FAKE AMAZON REVIEWS: HOW TO SPOT THEM CALL THEIR BLUFF!

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Reviewer C. William Anderson is no dummy folks. You see, he is someone who is extremely leery of the intentions of people in general. I totally get this because I am the very same way. There is always a catch, ALWAYS! My catch is that my niche has been infiltrated and all but destroyed by this certain crop of turd that I refer to as internet marketing hacks. They are being led by the nose by their leaders who are what I call internet marketing shysters. One day Mr. Anderson who knows a lot more than he leads you to believe he knows, will see that I am in fact on his side in this whole mess. This is just way too easy people. These skills are not very smart at all. They are dim witted internet trolls who only think in between the lines that are drawn out for them by their gurus. Please do me a favor and scroll on down to the reviews. I am going to show you exactly how to tell the difference from a review that is real and a review that is put out by the hacks that I am trying to warn you all about in all of these eBooks. First look at the review from Amazon customer. Now click onto what this dude spends his time reviewing. Do you see all that? Should I name off all of the titles of the books he reviews or do I need not say anymore? Now look at that 4 star review and take a gander at what he reviews. Can you see what I am getting at here?...
