Jason Aronson Inc. Publishers, United States, 2000. Hardback. Condition: New. Language: English . Brand New Book. What is Jewish Music? What makes a song sound Jewish? What is the place of music in Jewish history and philosophy? The author writes, What is known to us as Jewish music is actually a compilation of styles and rhythms gathered over centuries and obtained in various manners and from countless sources. However, musicologists the world over agree that the purity of the Jewish song has always been retained. The quality which makes it uniquely Jewish, regardless of the influence on it, has remained untouched and clearly identifiable. What is this quality? What is it that makes a song sound Jewish? It is a note of longing, of a child yearning to unite with his parent, a nation pining for its homeland and lost temple, a soul in this world remembering the holiness above and longing to reunite. Each song resonates with the entirety of the Jewish experience, the devastations and victories, the separations and reunifications and above all the constant bound with the eternal. The study of Jewish music is vast and requires volumes to contain it. There are many who have analyzed its unique qualities and have written extensively on it. Their examination of music is essentially a lesson in history, another means of glimpsing a rich and diverse past. There is yet another way to examine a song, and that is, to view it as an eternal message, as relevant today as it was hundreds of years ago, at the time of its composition. Each song tells its own story in the heart of the one who sings it. It evokes a unique response in each listener. A tune can touch a soul, in a way no words ever could. The...
