

## Entrepreneuriat et innovation

Filesize: 8.75 MB

### **Reviews**

*This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which it in fact modified me, altered the way in my opinion.*

## ENTREPRENEURIAT ET INNOVATION

P.I.E. Jan 2017, 2017. Taschenbuch. Condition: Neu. Neuware - L'entrepreneuriat est au coeur de la transformation de la société industrielle et recouvre des réalités très variées : de l'individu qui crée une entreprise pour échapper au chômage, de l'innovateur dont le nom devient synonyme du produit qu'il a inventé et commercialisé, à la grande entreprise qui accouche l'intrapreneuriat. Si l'entrepreneuriat est le produit d'initiatives individuelles, celles-ci sont contextualisées, et s'insèrent dans des pratiques sociales dans lesquelles une grande variété d'acteurs interviennent : autorités publiques, grandes entreprises, centres de recherche, université, structures d'accompagnement à la création d'entreprise, mais aussi des dynamiques familiales qui restent importantes de nos jours. Mais, l'entrepreneur et l'entreprise sont aussi géographiquement situés. La localisation géographique influe sur l'identité de l'entreprise et inversement l'entrepreneur contribue au développement de l'économie locale. L'objectif de cet ouvrage est de montrer que l'entrepreneuriat est un fait social total et que son étude s'inscrit dans une démarche pluridisciplinaire : économie, gestion, sociologie, histoire et géographie. 300 pp. Français.
