

Mini Atlas of Forensic Medicine (Mixed media product)

Filesize: 1.04 MB

Reviews

Extremely helpful to all category of individuals. I have got go through and that i am confident that i will likely to read through once again again later on. Once you begin to read the book, it is extremely difficult to leave it before concluding.

MINI ATLAS OF FORENSIC MEDICINE (MIXED MEDIA PRODUCT)

Anshan Ltd, United Kingdom, 2008. Mixed media product. Condition: New. Language: English . Brand New Book. There are a number of large, expensive, voluminous works that deal with forensic medicine in minute detail, but which can be regarded as over-meticulous and heavy going. This mini atlas is the opposite - it is clear, concise, easy to read, and provides the right level of description and explanation to each illustrated example. The book consists of 20 chapters divided into 2 sections, Morbid Forensic Medicine, and Clinical Forensic Medicine. There are over 300 colour photos, which can also be viewed on screen via the free CD-ROM. Some medical students only have to study forensic medicine for a few weeks. For others the subject is a major part of their degree. This book will be an invaluable pocket resource for them, and indeed for all those whose career requires some knowledge of forensic medicine.
