Reviews

Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

Firms seek capital from investors and prepare financial statements to help investors decide whether to invest. Investors expect the firm to add value to their investment-to return more than what was invested-and read financial statements to evaluate the firm s ability to do so. Financial statements are also used for other purposes. Governments use them in social and economic policy-making. Regulators such as the antitrust authorities, financial market regulators, and bank inspectors use them to control business activity.
